

centrope_tt academy lectures in cross-border technology transfer

Dear sir/madam,

You are kindly invited to the cross-border trainings of the centrope_tt academy, to be held four times (1 ½ days each) on 29/30.9.2011 in Tulln, 20/21.10.2011 in Brno, 10/11.11.2011 in Győr, and 12/13.1.2012 in Bratislava, as a part of the European financed centrope_tt project (<http://www.centrope-tt.info>).

The reason for the creation of this training tool is to enhance the transnational research cooperation by educating Research, Technology and Innovation (RTI) - Managers with a focus on the Centrope region. The training shall professionalise the activities of technology transfer organisations (TTO's), business consultants, specialised in innovation, technology and technology transfer, regional development agencies and policy makers in the field of developing frameworks for TT systems.

In particular this training is addressing to intermediaries who deliver services to SME's & Start-ups and is suitable for beginners as well as for experienced TT professionals.

You will be trained by experts in funding and financing, innovation support systems, TT systems and soft skills in cross-border TT for the Centrope region.

The aim of the training is to give you an overview of the situation in each country's RTI management peculiarities.

In the end it is foreseen that you can do an online-exam and get a European certification. After successfully graduated, you are prepared to support cross-border technology transfer projects.

For registration and more information please visit the project website at <http://www.centrope-tt.info>. Registration is open until 16th of August 2011. Please take note that a registration does not imply a guaranteed student place. Registered interested persons will receive a confirmation/cancellation in the end of August following the first come-first serve principle.

Claus Zeppelzauer, ecoplus, centrope_tt lead partner

Wolfgang Rupp,
VTÖ, centrope_tt academy coordinator
